

What is Home Care Plus?

The League for the Blind and Disabled (The League) has been serving people with any disability at any age, with the highest possible standards since 1950.

Services are customized to meet your needs and schedule. Those served in the Home Health Care Plus program will also receive full access to over 14 additional League services and programs.

The League conducts extensive training and criminal background checks of the Home Care Plus staff to ensure the highest level of prompt and professional service.

Services We Provide:

Homemaker Service

We provide help with household chores such as trash removal, meal planning and preparation, laundry, housekeeping, and assistance with mail.

Attendant Care

We assist with personal care, bathing, oral hygiene, dressing, skin care, medication and appointment assistance.

Respite Care & Companion Services

Our staff can provide relief and/or assistance for the caregiver in the comfort of your own home. We can provide companionship and emotional support, helping individuals reduce feelings of loneliness, isolation, and depression.

The Process:

- Once a referral has been made, the Home Care Plus staff conducts a preliminary evaluation of your eligibility.
- We will schedule an in-person meeting to complete paperwork, collect additional information and your goals.
- Paperwork will be evaluated to determine eligibility and funding sources.
- If eligible, our dedicated staff will create a Consumer Service Plan with our team.
- Once the Consumer Service Plan is received, our Home Care Plus team will assign a staff member, create a schedule and start date for the services.

Things to Know:
